Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Brier Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill and for most purposes is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses, beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

PIERCE AGAINST IMPROVEMENTS!

"FRANKLIN PIERCE, the "democratic" nominee for the Presidency, stands on the record as opposed to appropriations for River and Harbor Improvements; opposed to appropriations for building Light Houses; and opposed to appropriations for Marine Hospitals.—*Sentinel.*

Nobody knows better than the editor of the Sentinel that *every word of the above is a falsehood*, and it is characteristic of a demagogue,—and a very [illegible] one at that. FRANKLIN PIERCE is [illegible] of appropriations for River and Harbor improvements; he is *in favor* of appropriations for building Light Houses; and *in favor* of appropriations for Marine Hospitals. But he is *not* in favor of Congressional log-rolling; he is *not* in favor of violating the Constitution; he is *not* in favor of distributing millions of the people's money upon out of the way points, for an electioneering fund; he is *not* in favor of the pecuniary rascalities which the whigs have attempted under cover of the public good.—*Morning News.*

We submit the above comments of the *News*, upon a statement made by the *Sentinel*, to the deliberate judgment of the reader. We averred that Mr. PIERCE stood *upon the record* opposed to appropriations for River and Harbors, Light-houses and Marine Hospitals. The *News*, in reply, unblushingly pronounces "every word" of this statement "a falsehood," and imputes to us the unpardonable offence of having "knowingly" and deliberately published this falsehood as true. Could the *News* sustain this distinct and emphatic charge, the *Sentinel* would be utterly unworthy of public credit, and would deserve to be scouted by every honorable and fair-dealing man in the community. If, on the other hand, it is the *News* which has deliberately published as true what it knows to be false; if it has the brazen effrontery to charge us with the very offense which it is itself committing; if an appeal to the record—a record open to the *News*, as to ourselves—*shows* that what we stated is borne out by the *facts*—we leave it to the public to say what trust or confidence should be placed in a journal which is guilty of attempting so gross an imposition upon its own readers and of fabricating so false and scandalous a charge against ourselves.

To the Record then we appeal, and we challenge the *News* to the scrutiny. In June, 1836, Mr. PIERCE, being then a member of Congress, voted *against* the River and Harbor Bill which became a law at that session. In the following year, 1837, he voted *against* the Light House Bill which passed the House; and at the same session voted *against* the bill providing for improving certain Rivers and Harbors, building Marine Hospitals and purchasing sites therefor. No man can deny or dispute these facts. They are matters of record. The journals of Congress testify to these votes of FRANKLIN PIERCE, and they *prove* beyond dispute, the allegations we made. And yet the *Morning News*, well-knowing the facts to be as we state them, has not only the unblushing effrontery to pronounce them *false*, but is guilty further of the unpardonable meanness of taxing us with wilful deception in the matter! Desperate indeed must be the cause which can drive a paper making pretensions to fair dealing and common courtesy, to such dishonorable and disreputable courses.

But mark farther! The *News*, in denying our statement, hazards certain noticeable assertions of its own which, closely examined, *refute themselves.*—It claims, indeed, that Mr. PIERCE is friendly to Rivers and Harbors, Light Houses, Marine Hospitals, &c., but inasmuch as Mr. PIERCE has never been called to prove his faith by his works, his "friendship" by his votes, the *News* is forced to set up the pretence that he withheld these votes because he was *not* in favor of Congressional log rolling; of violating the Constitution; of distributing millions of the people's money upon out of the way points (Milwaukee and Lake Michigan for instance!) for electioneering funds"

This, then, is the defence of the Pierce organs for their candidate's Anti-Internal Improvement votes. But *the very bills he voted against*, GEN. JACKSON *signed!* Was GEN. JACKSON in favor of "violating the Constitution," "Congressional log-rolling," wasting the people's money, "upon out of the way points," &c.? Was Gen. JACKSON a party to "the pecuniary rascalities" which Mr. PIERCE discovered in all these bills?—Did Gen. JACKSON approve these bills in order to establish Whig "electioneering funds?" Who believes this? Does the *News* itself credit its own story? Can its readers be persuaded that the "democracy," of ANDREW JACKSON was not as reliable, consistent and orthodox as that FRANKLIN PIERCE? And yet ANDREW JACKSON signed and approved the identical River and Harbor, Light House and Marine Hospital Bills, which FRANKLIN PIERCE *opposed and voted against* as corrupt, extravagant and unconstitutional? MEN OF THE WEST! DEMOCRATS OF WISCONSIN! Will you not, in this matter, cling to the "ancient landmarks" of democracy set up by ANDREW JACKSON, rather than follow the new lights and the false teachings and the Anti Improvement doctrines of FRANKLIN PIERCE and the enemies of Western Interests!

☞ The *Sentinel*, after deprecating for the hundredth time, the introduction of religion into politics, yesterday changed tack, and had the brazen effrontery to hold Gen. Pierce responsible for the religious test business.—*Morning News.*

Will the *News* trouble itself to *prove* the statement which it has "the brazen effrontery" to make as above quoted? The *Sentinel* does not charge Gen. PIERCE with the responsibility of the religious test; but it *does* charge, and the facts bear it out, that the Democratic party in New Hampshire is responsible in the premises, and that FRANKLIN PIERCE, as the representative of that "democracy," intolerant, anti-progressive democracy, ought *not* to receive the suffrages of the free, liberal and enlightened West.

PENNSYLVANIA MOVING.—The Philadelphia *North American* of the 15th inst., says:—

Cambria County, Locofoco as it usually is, has been greatly moved by the nomination of Scott and Graham. In Summerhill township alone, according to a letter in the Blair County Whig, twenty-nine voters, all heretofore staunch out-and-out Locofocos, have determined to go for the Conqueror Scott.

It is so everywhere. While our opponents [illegible] and gloat over some subordinate Whig leader, who flinches from his post, or deserts his old flag, we can point to tens, fifties, and hundreds of the "rank and file" democracy—the "bone and sinew" of the party—who have ranged themselves for the fight under the ever-victorious banner of WINFIELD SCOTT. However it may be with politicians, place-hunters and would-be leaders, THE PEOPLE are for Scott and intend to [illegible].

"THE STAR THAT NEVER SETS."—The Vermont *Watchman* says that the recent Whig State Convention at Burlington "was by far the largest political Convention which has been assembled in Vermont since the great mass meeting of 1840; its deliberations were harmonious. The only question in Vermont is whether Scott and Graham shall lead by *ten thousand or twenty thousand* [illegible]."

For the Daily Sentinel.

Messrs. Editors:

I am happy to inform you that the city is rapidly filling up with a useful population. I have rented a number of good houses and tenements within a few days, and instead of "*For Rent*" upon the corners of the houses, fine curtains appear at the windows. A number of capitalists, American and German, have come to reside here to invest and *spend* their money.

You are aware, no doubt, that Cleveland is called not only the *Forest City*, but the pleasantest city in the *West*; but a gentleman of excellent taste and judgment in such matters, after visiting all the cities between here and Boston, including Cleveland, rode around our city, and when on Spring St. Hill, declared Milwaukee to be the *handsomest city he ever saw*.

A CITIZEN—TRAVELLER.

The Banner rebuking the News.

We translate from the *Banner*, the following "gem," for the benefit of the "Democrat" in the *Morning News*, and of the Democratic party at large:—

"There are no songs *for wicked* men, but they sometimes write *dissolute* articles for the purpose of making *foul* capital out of them. Such a fellow, under the mask of a "Democrat," yesterday *crept* into the "Morning News," *howling* there a long litany which was calculated to flatter the ears of such individuals as have *no heart* for our institutions, no sympathy for liberty, nor an idea of religious tolerance. It is true the editors of the "Morning News" prefixed a *kind of protest* to this correspondence, endeavoring to soften and correct it, but they ought to have acted wiser, keeping out the *wolf in sheep's dress*, and banishing him to his howling grounds, the *Sentinel*, where he soon will have done with *raging*.

The writer of said correspondence is an incorrigible Hunker, no doubt of it, *crawling* every where to beg votes, but never to be found with open visor where men have open and fair fighting. This man, *without cause and reason, falsely and maliciously* represents the "Banner" as zealously advocating Sabbath profanation, warfaring against a certain religious conviction, endorsing a violation of our institutions and being in a hostile position to religious liberty. These are *falsehoods, lies dishonoring their author*, &c., &c.

Will the *Sentinel* please take notice that we *very well know* the correspondent of the *News*, and therefore know how to appreciate his correspondence, *ut figura docet*. He would much like to be elected a Judge of the Supreme Court. This is the moral of the lesson."

We congratulate the *Morning News* upon its *gentlemanly* and logical fellow-combatant for the cause of the "unterrified."

Some of these days we may possibly furnish the public with extracts from the *Banner*, published a fortnight ago, when they may better judge on which side *are* the "falsehoods."

FREE SOIL STATE CONVENTION.—This body met at Waukesha on Wednesday last. BYRON KILBOURN presided, and JOHN W. TROWBRIDGE was chosen Secretary. The meeting was addressed by Messrs. VAN AMRINGE, BOOTH, PAYNE, and others. A series of resolutions was adopted, "repudiating" the Whig and Democratic platforms and candidates, re-affirming the distinctive Free-soil principles, and responding to the call for a National Free Democratic Convention at Pittsburgh. The following committees and delegates were also appointed:—

For State Central Committee.—C. Clement, J. W. Trowbridge, Jas. H. Paine, C. C. Sholes, I. G. Parker, Adam E. Ray, J. W. Shap, Warren Chase.

For Corresponding Committee.—S. M. Booth, J. C. Bunner, C. L. Sholes, and also that they be ex-officio, members of the State Central Committee.

For Delegates at Large.—C. Clement, S. M. Booth, J. H. Paine, W. H. Pettit, W. T. Richmond, Geo. S. Wright.

For District Delegates.—Edwin Palmer, Theodore Newell, J. C. Mills, C. C. Sholes, C. L. Sholes, S. S. Barlow, John Erickson, E. D. Baker, C. J. Allen.

Substitutes.—Charles Durkee, Samuel Pratt, S. D. Hastings, E. D. Holton, W. Chase, A. Hand, T. H. Fellows, J. Kimball, Wyman Spooner, L. G. Merriam, J. F. Willard, J. R. Kendall.

☞ The Madison *Democrat* utterly repudiates the N. Y. *Mirror's* story about the young Democrat from this State, who announced his intention to vote for SCOTT. It not only disbelieves itself, but insists that we shall be equally incredulous. It even offers a reward for the name of this sensible young man. We suggest that the *Democrat* send its offer to the N. Y. *Mirror* office. That paper first published the story and as it is not particularly friendly to Gen. SCOTT, we do not believe that it would *invent* so good a one for his benefit. We have no doubt, ourselves, that it is substantially true.

THE MUSTERING OF THE CLANS!—We hear, from all quarters, of preparations to attend the great gathering at Niagara Falls on Tuesday and Wednesday of next week. The Cleveland *Herald* of the 19th inst. says:

This morning we received a despatch from Frankfort, Ky., announcing that the Artillery Company of that place would go to Niagara via Cleveland. They will have with them a cannon captured at Cerro Gordo, and upon which is the inscription, "Death to all Americans." It will thunder a welcome to him, whose prowess made its inscription ridiculous.

Wheeling, Va., is preparing to send a rousing delegation, and from every quarter we hear the notes of preparation.

☞ The Waukesha *Democrat*, we are sorry to see, puts itself in the category of those unscrupulous presses which, in the hope of defaming or decrying Gen. SCOTT, stoop to the disreputable trick of publishing as genuine a paragraph ascribed to HORACE GREELEY, which that gentleman has again and again branded as a *forgery.*

SCOTT MEETING AT WAUKESHA.—The Scott men of Waukesha and vicinity hold a gathering at the Rail Road Hotel *this* evening, to form a Scott Club and organize for the Campaign. They will be glad to see some of their Milwaukee friends on the occasion. Mr. M. H. ORTON and other speakers will address the meeting.

☞ The Chicago *Tribune* snubs our Common Council for refusing to provide for lighting our City with Gas. It thinks this hardly up to Milwaukee's usual standard of enterprize. We are happy to assure the *Tribune* that our Common Council have not yet *refused* to "light up," and, we trust, will not.

☞ Norfolk, Va., has had one of the largest and most enthusiastic meetings ever held in that city—called to ratify the nomination of Scott and Graham. The nomination of Scott was received there coldly at first.

A PIERCE STAKE.—The Western Whig papers announce, when a steamboat has been disabled by a snag in the rivers, that she has been crippled by a Pierce Stake.

Votes of the several Counties in New Hampshire for and against abolishing the Religious Test from the Constitution.

	For abolishing Test.	Against abolishing Test.
Rockingham	1,374	1,877
Strafford	694	842
Belknap	323	1,837
Carroll	257	1,201
Merrimack	1,163	2,455
Hillsboro'	1,457	1,200
Cheshire	1,322	716
Sullivan	1,330	660
Grafton	1,317	1,758
Coos	559	357
	9,866	12,012

Look at that record. The County of Cheshire is the only Whig county, and here there is a majority of 606 for abolishing the test. Does this look as if the whigs were opposed to toleration? The counties of Belknap, Carroll, and Merrimack are three strong Democratic counties, and here there is a majority of 1845 against abolishing the test. Does this look as if the Democrats favored toleration?

LOUISIANA.—On Saturday we saw one of the most distinguished citizens of New Orleans, who had just arrived here direct from that city. He assured us that Louisiana, although her first choice was Mr. Fillmore, will, beyond all question, give Gen. Scott a larger majority in November than she has ever given for any candidate for the Presidency.—*Lou. Jour.*

Correspondence of the New York Tribune.

Mr. Clay's Family--His Slaves--His Last Resting Place--Lexington Hospitality.

LEXINGTON, KY., July 11, 1852.

Having sent you at the earliest moment a brief account of the funeral ceremonies at Lexington, I will now give an accurate statement respecting the family of the deceased. Notwithstanding the public acts of Mr. CLAY are known in their minutest particulars to almost every body, his private history and domestic biography are familiar to but few. For instance, this very day I heard two gentlemen disputing as to the State which gave birth to the immortal statesman.

Mrs. Clay is now 71 years of age, and although her health is feeble, has the appearance of a lady of 50. Her name was Lucretia Hart, and her native place Lexington. Mr. Clay married her shortly after he came to Lexington from his native State, Virginia. By her he has had eleven children, three of whom died in childhood.

Eliza Clay died suddenly in 1821, while on the way to Washington in company with her father. Her age was about sixteen. Another daughter, Mrs. Duralde, of New Orleans, died about the same time. In 1835, another, and the only remaining daughter, the wife of Jas. Erwin, of New Orleans, died also.

Of the eleven children, only four now live. Henry Clay, Jr., having fallen at the battle of Buena Vista. His body is interred in the family lot at Lexington.

Theo. Wythe Clay, who has been a lunatic since his boyhood, is near fifty years of age, being the eldest son. His recovery is hopeless.—His lunacy is characterized by melancholy, with occasional fits of violence.

Thos. Hart Clay is the proprietor of Mansfield, a fine estate near Lexington, and devotes himself for the most part to the cultivation of hemp. His age is 42.

Jas. B. Clay, aged 39, is also a farmer, and owns a large estate near St. Louis, Mo., where he has a large dairy, and is engaged extensively in raising stock.

John Clay, the youngest, is 35 years of age and resides at home, managing the farm, and devoting a portion of his time to the profession of the law. In appearance he resembles his father more than any of the other sons. His features are similar, his hair has the same dry, sandy appearance, and hangs about his features in the same careless manner.

All the sons are highly intellectual in appearance, but none of them have yet given promise of future greatness.

Of the 35 slaves owned by Mr. Clay, Abraham, the groomsman, is the oldest, being near sixty.—Adams, the gardener, is 55 years of age. Thornton, Mr. Clay's body servant, received from the hands of his master his free papers, but never left him, even after death, until the corpse was placed in the tomb.

The remains will not rest permanently in the vault where they were placed yesterday, but will be removed to the Clay family lot in the same cemetery, as soon as preparations have been made by the people of Lexington to lay the foundation of the monument to his memory. This event will take place some time next fall, when Daniel Webster is expected to deliver the oration.

The citizens of Lexington are eminently hospitable people. They were vigilant in seeking out those among the vast throngs who were unprovided with lodgings; every house was thrown open; parlors were transformed into bedrooms; and every luxury the city afforded was freely set before the strangers who had become their guests. Not content with this, the lower market-house was converted into a vast dining hall, in obedience to the proclamation of the Mayor, and the citizens loaded its tables with provisions, which were partaken of by thousands of people, blacks as well as whites, who had come in to attend the funeral of HENRY CLAY.

THE COUNSEL OF A TRUE WHIG.—The Boston *Atlas*, the leading Whig paper of New England, in reply to the muttered discontent of the *Courier* of that city, thus confidently speaks of the prospect before us and eloquently appeals to the Whigs of old Massachusetts *to do their duty*, as we never doubt that they *will*:

"We have no doubt of the triumphant election of Gen. Scott, any more than we had of his nomination at Baltimore. We never deceived the people on the subject of the nomination, we do not intend to in regard to the chances of the election of Gen. Scott. Nothing that we did, or could do, could prevent his nomination. Nothing that his opponents have done, or can do, will prevent his election. Such is our opinion, and we are willing to wait until November to have the correctness of our views tested.

But whether Gen. Scott be elected or defeated, there is but one honorable course left for the Whigs of Massachusetts to pursue, and that is to sustain to the best of their ability the nominations of Scott and Graham. The Whigs of this State were represented in the Convention. The Whigs of this State had a candidate of their own in that convention, and the Whigs of this State, like honorable men, bound themselves to abide the decision of the Convention, and so did the several candidates bind themselves. The very fact that their names were presented and voted for made the obligation binding. We repudiate no [illegible]. We do not puzzle ourselves to find means to avoid an obligation; far less would we charge fraud upon a Convention of honorable men, for the purpose of avoiding an honorable obligation. We speak the sentiments of nine tenths of the Whigs of this State, when we thus speak. They go for the nomination made by the Whig National Convention at Baltimore, and will come up in solid column for Winfield Scott and Wm. A. Graham—honorable men, honorably nominated, and the candidates of an honorable national party."

The Opinion of an Old Soldier.

A few days since, meeting an old soldier, who had served under Gen. Scott during his Mexican campaign, he asked us if Scott was nominated? We replied in the affirmative, and he then said that "he had always been a Democrat, and had never voted for a Whig, but now he should do all he could for the Old General who had been so kind to his soldiers." He stated, in substance, that he had served under the eye of Gen. Scott in the Mexican campaign, and loved him for the kindness to his soldiers, and for his mercy to the conquered Mexicans, in protecting them in their lives and property and religious worship. To use the old soldier's own words—"he kept us pretty straight, and would not let any one plunder or disturb the Mexicans, but he took good care of us and never exposed our lives uselessly." He said that when the army in its march to the city of Mexico, approached the fortification of El Pin, Gen. Scott sent forward a corps of engineers to make reconnoisance of the enemy's works and position, who after inspection, reported to him that the position was well fortified with many heavy batteries, and defended by a large body of troops, but that it could be carried by storm, with not a very great sacrifice of the lives of the troops. Gen. Scott exclaimed, "No gentlemen, it shall not be, while there is any other resource. *The life of every soldier is precious to me*—and should not be needlessly exposed. The army under my command *I regard as my children*, for whose comfort, welfare, and safe return to their country, I am responsible." The old General then ordered a division of the army to make a long circuit and come upon the enemy in the rear, and, said our informant, "we came upon the Mexicans before they knew it, and carried the place with but a trifling loss. And in conclusion, the old soldier said—"You will find that all of us who served with Gen. Scott and know his kindness and care for his soldiers, will remember him now."

Could any thing better attest the humanity, the goodness of heart, and the sterling worth of the man, than these personal testimonials.—*Troy Post.*

DEATH OF MAJOR-GENERAL ROGER JONES.—We regret to announce the death of Brevet Major General ROGER JONES, Adjutant General of the United States army, who died at his residence in this city yesterday afternoon. We learn that his illness was very brief, and his death sudden and unexpected. It appears that on Wednesday evening he was attacked with the cholera morbus, from which yesterday morning he experienced some relief; but about 5 o'clock in the afternoon he had a second attack, which in less than two hours terminated his life. General JONES was one of the veterans of the war of 1812, having distinguished himself on several occasions during that war. He was a native of the State of Virginia. He had filled the post of Adjutant General, with the lineal rank of Colonel, since 1825; and was brevetted as a Major-General on the 30th of May 1848. In this city where he had so long resided, the deceased was uniformly respected; and, to the army—to all the members of which, from his official position, his name and character were well known—he was ever the soldier without blemish.—*Republic.*

PRAIRIE DU CHIEN.—This ancient town is now improving. In years past, it was supposed by some that it was finished, but it does not appear to have been the case. It is one of the oldest towns in the United States, and the French descendants of past times are still numerous, and retain, in a degree, their simple habits and polite and kindly character, their new neighbors of the last twenty years having been able to do little else than storm the outworks of the castle of their national peculiarities. But we tremble for their safety in the next twenty years, and do not know what is to become of them, especially if the town becomes the terminus of the Milwaukee and Mississippi Railroad.—*Galena Advertiser.*

☞ The Boston *Journal* has the following as to the position of Mr. Webster, which may no doubt be regarded as correct:

"Mr. Webster has been a Whig, and he proposes to be a whig. At his time of life it can hardly be expected that he will take the stump in favor of the nomination, but we have seen no evidence that he is not as earnestly desirous for the triumph of Whig principles now as in '44 or '48, when he threw his personal influence in favor of the nominee of the whig Convention."

Gen. Scott on Emancipation.

From the Louisville Journal.

Read the following letter, fellow-citizens, and see if there is anything in Gen. Scott's opinions as to Slavery that would make his election to the Presidency dangerous to the country:—

WASHINGTON, Feb. 9, 1843.

DEAR SIR:—I have been waiting for an evening's leisure to answer your letter before me; and after an unreasonable delay, am at last obliged to reply in the midst of official occupations.

That I have ever been named in connection with the Presidency of the United States, has not, I can assure you, the act of an ancient neighbor and friend, been by any contrivance or desire of mine; and certainly I shall never be in the field for that office, unless placed there by a regular nomination. Not, then, being a candidate, and seeing no near prospect of being made one, I ought perhaps to decline troubling you or others with my humble opinions on great principles of State rights and federal administration; but as I cannot plead ignorance of the partiality of a few friends in the several parts of the Union, who may, by possibility, in a certain event, succeed in bringing me within the field from which a Whig candidate is to be selected, I prefer to err on the side of frankness and candor, rather than by silence to allow any stranger unwittingly to commit himself to my support.

Your inquiries are upon the whole question of domestic slavery, which has, in different forms, for a number of years, agitated Congress and the country.

[illegible] you are the first person who has interrogated me on the subject, I give you the basis of what would be my reply in greater detail, if time allowed, and the contingency alluded to above were less remote.

In boyhood, at William and Mary College, and in common with most, if not all, my companions, I became deeply impressed with the views given by Mr. Jefferson in his "Notes on Virginia," and by Judge Tucker in his Appendix to his edition of "Blackstone's Commentaries," *in favor of a gradual emancipation of slaves.* That Appendix I have not seen in thirty odd years, and in the same period have read scarcely anything on the subject, *but my early impressions are fresh and unchanged.* Hence, if I had had the honor of a seat in the Virginia Legislature in the winter of 1831–'32, when a bill was brought forward to carry out those views, I should certainly have given it my hearty support.

I suppose I scarcely need say, that in my opinion, Congress has no color of authority under the Constitution for touching the relation of master and slave within a State.

I hold the opposite opinion in respect to the District of Columbia. Here, with the consent of the owners, or on the payment of "just compensation," Congress may legislate at its discretion.—But my conviction is equally strong that, unless it be step by step with the Legislatures of Virginia and Maryland, it would be dangerous to both races in those States to touch the relation between master and slave in this District.

I have from the first been of the opinion that Congress was bound by the Constitution to receive, to refer, and to report upon petitions relating to domestic slavery, as in the case of all other petitions, but I have not failed to see, and to regret the unavoidable irritation which the former have produced in the Southern States, with the consequent peril to the two colors, whereby the adoption of any plan of emancipation has everywhere among us been greatly retarded.

I own, myself, no slaves, but never have attached blame to masters for not liberating their slaves—well knowing that liberation, without the means of sending them in comfort to some position favorable to the pursuit of happiness, would, in most cases, be highly injurious to all around, as well as to the manumitted families themselves, unless the operation were general and under the auspices of prudent legislation. But I am persuaded that it is a high moral obligation of masters and slaveholding States to employ all means not incompatible with the safety of both colors, to meliorate slavery, even to extermination.

It is gratifying to know that melioration has been great, and is still progressive, notwithstanding the disturbing causes alluded to above. The more direct process of emancipation may, no doubt, be earlier commenced and quickened in some communities than in others.

Each, I do not question, has the right to judge for itself, both as to the time and means; and I consider interference or aid from without, except on invitation from authority within, to be as hurtful to the steady progress of melioration, as it may be fatal to the lives of vast multitudes of all ages, sexes and colors. The work of liberation cannot be forced without such fearful results. Christian philanthropy is ever mild and considerate.—Hence all violence ought to be deprecated by the friends of religion and humanity. Their persuasion cannot [illegible] the right thus to free the master from the slave, and the slave from the master—perhaps before the latter shall have found out and acknowledged that the relation between the parties had long been mutually prejudicial to their worldly interests.

There is no evil without, in the order of Providence, some compensating benefit. The bleeding African was torn from his savage home by his neighbors, sold into slavery, and cast upon this continent. Here in the mild South, the race has wonderfully multiplied, compared with any thing ever known in barbarous life. The descendants of a few thousands have become many millions; and all, from the first, made acquainted with the arts of civilization, and, above all, many brought under the light of the gospel.

From the promise made to Abraham, some two thousand years had elapsed before the advent of our Saviour, and the Israelites, the chosen people of God, were, for wise purposes, suffered to remain in bondage longer than Africans have been seen on our shores. This race has already experienced the working of dispensations alluded to; and as the white missionary has never been able to penetrate the dark regions of Africa, or to establish himself in its interior, it may be within the great scheme of Providence that the great work of spreading the Gospel over that vast continent, with all the arts and comforts of civilization, is to be finally accomplished by the black man restored from American bondage. A foothold there has already been gained for him; and in such a scheme centuries are about as seconds to Him who moves worlds as man moves his finger.

I do but suggest the remedies and consolations of slavery to inspire patience, hope, and charity on all sides. The mighty subject calls for the exercise of all man's wisdom and virtue, and these may not suffice without aid from a higher source.

It is in the foregoing manner, my dear sir, that I have long been in the habit, in conversation, of expressing myself all over our common country on the question of negro slavery; and I must say that I have found but very few persons to differ with me, however opposite their geographical positions.

Such are the views or opinions which you seek. I cannot suppress or mutilate them, although now liable to be more generally known. Do with them what you please. I neither court nor shun publicity.

I remain, very truly, yours,
WINFIELD SCOTT.

T. P. ATKINSON, Esq., Danville, Va.

Death of a Pioneer of Wisconsin.

Messrs. Editors: I observed in your paper of last Thursday an account of the death of old Jacques Vieau, extracted from a Green Bay paper. As there were several errors in that account, and as the public are interested in knowing accurate particulars concerning those whose names will pass into history as the pioneers of our young and rapidly growing state, I feel at liberty, from my long acquaintance with the deceased, to give you a correct statement.

Jacques Vieau was of French extraction, and was born in Lower Canada. He came to Wisconsin in 1786, and has resided nearly the whole of the time at Green Bay, where he owned a farm, and was an Indian trader. I have known him for thirty-four years. He was fifty-six when I became acquainted with him, and consequently was ninety years when he died. Mr. Vieau married at thirty-six, and lived happily with his wife to the day of his death. His amiable wife still survives him at the good old age of seventy-two, in the enjoyment of health and all her faculties.

Mr. Vieau was an industrious, upright and honorable man, and highly respected for his many virtues by all who knew him. At one time he had accumulated, by his industry, prudence and economy, a handsome property, but reverses came and swept it away, and at the time of his death he was poor.

The changes that have occurred in this State since I first became acquainted with Mr. Vieau, seem more like a dream than reality. At that time Green Bay and Prairie du Chien were the only places in the State that bore any trace of civilized life. All the rest was an unbroken wilderness. Here and there at great distances was a solitary hut, in which lived some restless pioneer, who, preferring [illegible], and following the sports of Nimrod and the disciples of Walton, [illegible].

In 1836 Wisconsin was organized as a Territory, having before that time been only known as a part of that tract designated as the North Western Territory. The only habitation where Milwaukee now stands, was a log house on the present site of [illegible] store. It was built by a man named Le Clair many years—I remember [illegible].

Indians belonging to the Chippewa, Pottawatamie, [illegible] and Menomonee tribes roamed through the vast forests or over the wide prairies. Now all is changed. The old settler is lost in the progress of improvements. Cities, teeming with a busy population, now stand where I have stood in what was then a solitary wilderness. The lake, that now bears so many vessels upon its bosom, was then unruffled save by canoes—the rivers that were then undisturbed, save by the light canoe, are now beaten into foam by the factory wheels. A younger generation occupy the Indian's hunting grounds and cover them with yellow grain. The old settlers, like Vieau, have passed, most of them long since, to their last homes. They were a brave, industrious and hardy race, and those who now occupy their place should not forget them.

Yours, &c.,
[illegible]

I. O. O. F.—The Grand Lodge of I. O. O. F. for this State, commenced its annual session in this City on Wednesday evening last. The attendance of Representatives was quite large. The election of officers for the ensuing year was held yesterday, and resulted in the choice of the following:

G. M., A. J. LANGWORTHY, of No. 20, Milwaukee.
D. G. M., C. H. MCLAUGHLIN, of No. 51, Baraboo.
G. W., W. H. COLE, of No. 34, Sheboygan Falls.
G. S., J. B. KELLOGG, of No. 20, Milwaukee.
G. T., N. L. GASTON, of No. 9, Delavan.
G. C., FRANCIS METCALF, of No. 7, Kenosha.
G. Rep. for 2 years, C. BILLINGHURST, of No. 53, Juneau.

These officers were duly installed, with the customary ceremonies, last evening. At the same session the Degree of Rebecca was conferred upon a number of applicants.

The Grand Lodge will doubtless complete its business and close its session to-day.

MADAM THILLON'S CONCERT.—The extreme heat of the weather deterred many of our citizens from attending Madam THILLON'S Concert on Wednesday evening, and the Hall, in consequence, was but half-filled. Madam THILLON'S beauty and her graceful and effective acting fully equalled the anticipations of the audience, but her singing hardly reached this standard. Her voice, tho' not a very sweet one, is quite flexible and her thorough musical training enables her to make the most of it. Mr. HUDSON delighted the audience with his fine voice and spirited execution. His "low-backed car" was admirably given and deservedly encored. The violin playing of MONSIEUR THILLON was likewise much applauded, and Mr. Horstal's Piano-Forte accompaniment showed a correct ear and good judgment. Madam THILLON and party left yesterday on their return East.

SALE OF REAL ESTATE.—The tract of land known as the North Point property, embracing 100 acres and lying from a mile to a mile and a half from the business streets of our city, has been disposed of by the proprietors, Messrs. E. TOWNSEND, DIETZGEN, MONA and WILNER, for $32,000. This is a handsome advance on the price paid by them a year ago for the same property. A portion of this land was offered to the city, not long since, for a Public Park, but the offer was declined.

SECOND WARD ELECTION.—A special election is to be held in the Second Ward this day to fill the vacancy occasioned by the resignation of Alderman INGLES. We have heard of but one candidate in the field, Mr. JOSEPH VLIET.

PATENT BIDETS AND SHOWER BATHS.—These portable, convenient and well-contrived baths may be had at Mr. G. P. HEWITT'S. In this warm weather—as, indeed, all the year round—they are a luxury which none should do without who have the means to purchase them.

☞ Yesterday set out for a very hot day, and the forenoon amply fulfilled its early promise.—About mid-day, however, a delicious breeze came stealing in from the Lake, which tempered Sol's fierce rays and refreshed the sweltering city. It was a most agreeable change.

THE BAKERS.—These Vocalists, six in number, give a Concert at Gardiner's Hall—the only one in this city—on Monday evening next. On Tuesday they sing at Racine. They promise an attractive entertainment.

☞ The attention of those of our readers, who may be going to New York, is invited to the advertisement of Mr. OSTROM in to-day's paper.—They will do well to cut it out and give him a call.

☞ The new schooner *D. Newhall* has got her masts in; her rigging set up and some of her sails bent, and will be ready to load for her first trip in two or three days. She is a trim and handsome looking craft.

Gen. Scott in Mexico.

We have at length a copy of the Order issued by Gen. Scott while Commander-in-Chief of the American Army in Mexico, with respect to the deportment of his soldiers in presence of the religious (Catholic) observances of the Mexicans.—We give the order entire, though part of it has no relation to the matter under discussion. Here it is:

HEADQUARTERS OF THE ARMY,
MEXICO, Sept. 24, 1847.

General Orders—No. 297.

1. Here, as in all Roman Catholic countries, there are frequent religious processions, in the streets, as well as in churches—such as *the elevation of the host*, the *viaticum*, funerals, &c.

2. The interruption of such processions has already been prohibited in orders, and as no civilized person will ever wantonly do any act to hurt the religious feeling of others, it is earnestly *requested* of all Protestant Americans *either to keep out of the way*, or to pay to the Catholic religion and its ceremonies every decent mark of respect and deference.

3. In the case of the *viaticum* (visits of consolation to the sick and dying) commanders of corps are requested, when called upon, to allow two Roman Catholic soldiers to perform the usual functions on such occasions.

4. There is every reason to believe that a very large distribution of knives and dirks have recently been made to liberated convicts (thieves and murderers) for the purpose of assassinating American soldiers found drunk or otherwise off their guard.

5. Measures are in progress to search out and seize for execution the instigators and leaders of these assassins. In the meantime guards and patrols will search all suspicious persons, disarm, and, if necessary, confine them, for trial and punishment.

By command of Major General Scott.
H. L. SCOTT, A. A. G.

We shall not write one line in defense, nor even in explanation of that Order. There it is! and if anybody sees fit to vote against Gen. Scott, because of it, let him go ahead! The Hero can't need such votes to elect him.—*N. Y. Tribune*, 17th.

☞ Barnum is in search of the enthusiasm which was to elect Scott. He has just returned from the Western Reserve, Ohio, and found there nothing but the Giddings fever.—*Buff. Cour.*

Barnum is only successful in search after humbugs. He of course found the "Giddings fever" and not the Scott enthusiasm.—*Cleveland Herald.*

☞ The Directors of the Southern Wisconsin Railroad company will meet at Monroe on the 30th inst., when measures will be taken for the immediate construction of that road. That portion of it lying between this place and Milton, will, in all probability, be put under contract to be completed by the 1st of December next.—*Janesville Standard.*

☞ The following just tribute to General Scott, was written in 1848, by Mrs. E. C. Kinney, of this city, now in Italy, and was published in the *National Intelligencer* at the time, and republished in this and other journals.—We reproduce it now as being exceedingly appropriate to the occasion, though written without any idea of its application to a political object.—*Newark Adv.*

Funeral Honors to Henry Clay.

New York, July 20.

The arrangements for the funeral obsequies to [illegible], have been on the most extensive scale, and the procession will be the largest and most imposing ever witnessed in New York. During all yesterday afternoon and evening, up to 12 o'clock to-day, the occupants of the houses along the line of the procession, were engaged in decorating the buildings with emblems of mourning. At noon to-day there was presented one of the grandest sights ever witnessed. The Irving House, American House, Astor House, City Hall, Lovejoy's [illegible]'s Hotel and Stewart's Marble Palace, were objects of great attraction. The latter was surrounded by thousands. The decorations consisted of rosettes and folds of black and white crape suspended from every window of that immense building. Immediately over the main entrance, a scaffolding is erected on which is placed a marble shaft, at least twenty feet in height, surrounded by an iron railing in each corner of which was a large weeping willow, made entirely of black, the whole intended to represent a monument of Henry Clay.

The Astor House was covered with black from the roof to the basement, leaving only the windows exposed to view.

The Chatham and Broadway Theatres are also superbly decorated.

The Broadway House is hung with the banners of the various Clay clubs, wrapped with crape.

Standing at the lower end of the Park and looking in every direction the city presents the aspect of a grand funeral pile.

As early as nine this morning the people began to assemble in the streets, and these through which the procession is to pass at twelve, are most densely thronged.

Ten o'clock, A. M.—The bells are tolling, and minute guns are being fired from the Battery and other points.

Broadway is thronged with military as far as Grand street. The stores in all the lower portion of the city, the Banks and Insurance Offices, the Post Office and Custom House are all closed.—Thousands are arriving from the surrounding country to witness the procession. An immense platform is erected in front of the City Hall, from which the funeral eulogy will be pronounced by J. B. Blunt.

Charleston, S. C. July 19.

The Florida Convention have endorsed General Scott's nomination, and have nominated Major [illegible] for Congress. The Governor of Lousiana has appointed William Dunbar as Judge of the Supreme Court, vice Preston, deceased.

Washington, July 20.

The Republic of this morning says that up to yesterday no official information had been received at the State Department regarding the fishing difficulties, and that no known cause existed to justify anticipation of a disrupture of friendly feeling between the two governments.

THE WHIG SPIRIT IN NEW ORLEANS.—The Whigs of New Orleans determined the other day to form a *Company* to be called the "Scott Rangers." Accordingly a meeting was held and the ball put in motion. Within 24 hours, instead of a Company, a BATTALION of 100 young men had enlisted, and at the expiration of the 3d day, the "Company" had swelled to a REGIMENT of over [illegible]—all "Rangers" under the banner of Scott!—Hurrah for Louisiana!

MASS MEETING ON BUNKER HILL.—It will be [illegible] the proceedings of the "CHARLESTOWN C[illegible] CLUB," that preparations are now being made by the Whigs of that patriotic city, to invite the Whigs of the WHOLE UNION to a mass meeting on Bunker Hill, on the 14th of September, being the anniversary of the triumphant entry of Gen. SCOTT *and the American army into the ancient city of Mexico.—Boston Atlas.*

KILLED BY LIGHTNING.—while seven negroes, belonging to Dr. Cunningham, of Lexington, Mo., were eating their dinner on the 13th inst., under a tree, it was struck by lightning, and four of them were instantly killed.

The Wheat Crop—Prospects of the Farmer.

During the past week we have traveled thro' portions of Jefferson, Waukesha, Walworth and Racine counties. We found a large number of farmers in the midst of their harvest. In some neighborhoods this was commenced as early as the 12th, and the Saturday evening following must have found many pieces in the shock. We were rejoiced, after the partial failures of the few past years, to find such an excellent crop. We may safely say, that *we never saw one in this or any other State which would compare with it.* We doubt, indeed, whether so good a crop in every respect, for the quantity on the ground, was ever before raised in any portion of the United States. We examined many pieces upon low as well as high ground, and were unable to find the very first trace of rust. We also made strict inquiry upon this point, and could not learn that this plague had anywhere shown itself this season.—The straw and the head of all ripened wheat we saw, were as bright, comparatively, as burnished gold. Of course, the berry is plump and heavy, and will produce a most superior quality of flour.

The yield, as a general thing, will be heavy, averaging, we think, from 20 to 25 bushels to the acre. We saw some pieces which we are confident will yield 35 or 40 bushels; and we have cut wheat enough to have some confidence in our own judgment in the yield of the crop. In all our journey, we saw but one or two pieces which we think will fall short of 15 bushels to the acre. The quantity on the ground is larger than we expected, though not so large as that of some previous seasons.

The spring wheat is also a fine crop.—We were particularly pleased to find so large a proportion of this crop of the Canadian club variety. This is unquestionably one of the very best varieties of spring wheat ever introduced into the west. It yields well, and produces a quality of flour but little inferior to winter wheat. The hedge row seems to have had its day. The very general rot to which it has been subject for a few years past, has forfeited, temporarily at least, that confidence which our farmers have heretofore had in it.

Spring crops generally are good. Except in a comparatively small district of country between the lines of Waukesha, Walworth and Racine counties, where there has been something of a drought, and where oats and barley are rather lighter than usual, we never saw spring crops promising a more abundant return for the labor of the husbandman.

We congratulate our farmers upon their prospects. Their wheat crops, owing to the peculiarities of our seasons, for two or three years past, have been light. But that "better day" has already dawned upon them. They may this year boast abundant crops of all kinds, and of superior qualities. Let them but thoroughly cultivate their lands in future, not neglecting to impart to it all needful nourishment, and they will have additional evidences that "their heritage has been cast in goodly places." But we must still urge upon them the propriety of a diversity of crops. They must not depend exclusively upon wheat, or grain of any kind. A portion of their attention should be directed to the raising of cattle, sheep, flax, hops, tobacco, &c. Our soil and climate are admirably adapted to this diversity of agricultural pursuits, and whenever this shall be observed as it should be, our farmers will find themselves in the possession of that great and universal desideratum—wealth.—*Watertown Chronicle.*

A BEAUTIFUL AND AFFECTING SCENE.—As the steamer *Ben Franklin* passed the town of Rising Sun, Indiana, on Thursday last on its way to Louisville with the sacred remains of HENRY CLAY on board, thirty-one young ladies, representing the different States of the Union, stood in conspicuous view on the wharf in front of the crowd of citizens that had assembled. All, save one, were dressed in virgin white, their heads covered with black veils. The one excepted, was robed in deep heavy mourning, and represented Kentucky, and occupied the centre of the line. How touchingly beautiful the scene, and what pride—sad pride, she must have felt as in that galaxy of beauty she found herself the representative of that State whose broad land, from one extreme to the other, was bedewed with tears. The whole scene was rendered more expressively solemn by the deathly silence that universally prevailed on board the steamer and on shore, as the vessel floated noiselessly by, bearing its precious charge onward to its last repose. *Cin. Com.*

BIG WHEEL.—We saw, this morning, a very large pit wheel, cast by Messrs. Turton & Sercomb, of the Eagle Foundry, for Cahart & White, Maxford. It is for a grist mill, weighs nearly four tons, and is probably the largest wheel ever cast in the State. Messrs. Turton & Sercomb, we are happy to learn, are doing a fine business, and have heavy orders from all parts of the State, and also from Chicago and Detroit. We are glad they are appreciated, and that they are able to command so extensive a patronage.—*Free Democrat.*

HAWKINS'

STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and it will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss-hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for states, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

PATENT MEDICINES.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!

THE TRUE

DIGESTIVE FLUID, OR GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ OBSERVE THIS.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

It has not only been the aim of the subscriber to sell as low as any other similar establishment in the West, but to convince purchasers that he can and will sell as low as Jobbers of Groceries in New York—and why not? The subscriber has been engaged in the Wholesale Grocery Business in New York for six years prior to opening in this market. His experience and facilities enable him to buy from the same parties the Jobbers of New York buy from. He will hold himself in readiness to duplicate any retail merchant's purchases in New York—adding necessary expenses.

It is the object of the subscriber to have at all times a stock that will attract the attention of cash purchasers.

The subscriber would tender his thanks for the liberal manner he has been patronized for the last six years, and hopes to merit a continuation by strict attention to the interests and wants of his customers. All orders entrusted to him to fill will meet with the same attention as if present.

For references inquire of his old customers, who are numerous and easy to be found.

STOVES, (BOTH WOOD AND COAL,)

FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all kinds; SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE

GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FURNACE business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST DOUBLE OVEN COOKING STOVE,

(Which received the First Premium at the State Fair, lately held at Janesville.)

Possesses great advantages over every other stove, for plain uses and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city free of charge. All orders promptly attended to.

It surpasses everything ever before offered to the World.

It gives a brilliant polish, and is not washed off by Castile soap and water. It is easily applied, and will last as long as your leather. Ladies commend it very highly for their own, and

MISSES SHOES AND RUBBERS.

Adding to a brilliant lustre the virtue of not soiling the whitest linen. For Gentlemen's

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 4th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrate the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belledonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it stong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. we invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 31: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY,

One of the best literary papers published, said, August 25—"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine"—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlets a "base romance" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c., all of which have been got up on the reputation of Perry Davis' Pain Killer.
